Dear Gerhard,

Thank you very much for your long letter of support. I am very pleased that you know of Greenpeace in Germany.

From your letter it appears that you are well organized and are strongly dedicated to the same goals as Greenpeace. I am enclosing copies of our latest newsletters which give an indication of our concerns in North America.

I refer you to Mr. Remi Parmentier, who is with our Paris office.\* I am sure he will be most interested in your offer to establish communication.

Also, please continue to write to this office in Vancouver so that the intercontinental link you have established will be maintained.

Sincerely,

Patrick Moore, PhD.,  
President  
Greenpeace Foundation
